THE NON-COMPENSATED SOLUTION  
THAT IMPROVES NEAR VISION

PROGRESSIVE LENSES

## THE NON-COMPENSATED SOLUTION THAT IMPROVES NEAR VISION

The perfect lens for progressive wearers who demand a **wider reading area** and **have a preference for near vision activities**

### DESIGN DETAILS

Artis is the non-compensated design developed specifically for those wearers who **are looking for an improved near visual zone** in their lens while maintaining **good performance in the intermediate and distance ones.**

The perfect lens for activities that require this type of vision such as **reading, painting, cooking, crafting, etc.**
