PROGRESSIVE LENSES

AN ADVANCED FREEFORM PROGRESSIVE LENS THAT OFFERS WIDE VISUAL FIELDS AT ANY DISTANCE

Due to the hectic pace of life we lead, we need **lenses that accompany us in all daily activities**, adapting to the changes of day to day

### DESIGN DETAILS

Prisma design is the most accurate combination of **quality and comfort**. Developed to be effective at any distance, its power distribution offers **visual clarity at all distances and**, at the same time, **wide visual fields**.

Thanks to this lens, wearers feel free to see in **any gaze direction**. Moreover, it provides high-definition vision due to an **extraordinary** optic architecture that improves **peripheral vision**.
